What Matters Most to You – and How AFC Will Help

Whether you serve in the Police Force, Defence Force, Fire Service, or Prison Service, you deserve a system that respects your service, protects your future, and gives you the resources to do your job properly.

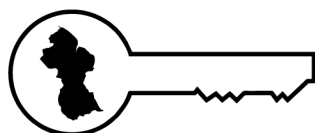

But today, many in uniform are asking:

- *“Why am I risking my life while others pull strings to get ahead?”*
- *“Why doesn’t my family have support if something happens to me on the job?”*
- *“When will we be treated as professionals, not political pawns?”*

The AFC hears you. Here’s our plan to restore pride, fairness, and opportunity in the disciplined services.
